Universal Fuel Injectors
DWxxxx-xx-14-14-1

When off-the-shelf won't cut it, our universal high-performance fuel injectors deliver the flow, precision, and reliability custom builds demand. Designed for tuners, fabricators, and performance shops, each injector offers consistent spray patterns, fast response times, and wide compatibility across gasoline and alternative fuel applications. From street builds to full race setups, these injectors support high horsepower goals while maintaining smooth idle and clean drivability. Precision flow-checked, multiple flow rates, and robust construction make them easy to integrate into one-off projects, engine swaps, and bespoke fuel systems.
